LACY ROAD CLOSURE EXTENDED TO S. SYENE ROAD

The closure of Lacy Road will be extended east to S. Syene Road on Friday, May 19. Lacy Road will be closed from City Hall (5520 Lacy Rd) east to S. Syene Road for the road reconstruction project until mid-October. Local access will be maintained to all properties, but through traffic is required to seek an alternate route or follow the posted detour on Fish Hatchery Road, E. Cheryl Parkway, and Sunflower or S. Syene Road. See attached map. Through traffic drivers who continue through closed roads are subject to traffic violations and fines.

Visitors to McGaw Park should access the park via Sunflower Drive, not off of Lacy Road. Only residents or people trying to reach a destination that is located within the construction zone should be driving within the construction zone. When it is necessary to drive in the construction zone, drivers should take the closest access point into and out of the work zone, lower their speed, and choose a route that minimizes their travel within the construction zone.

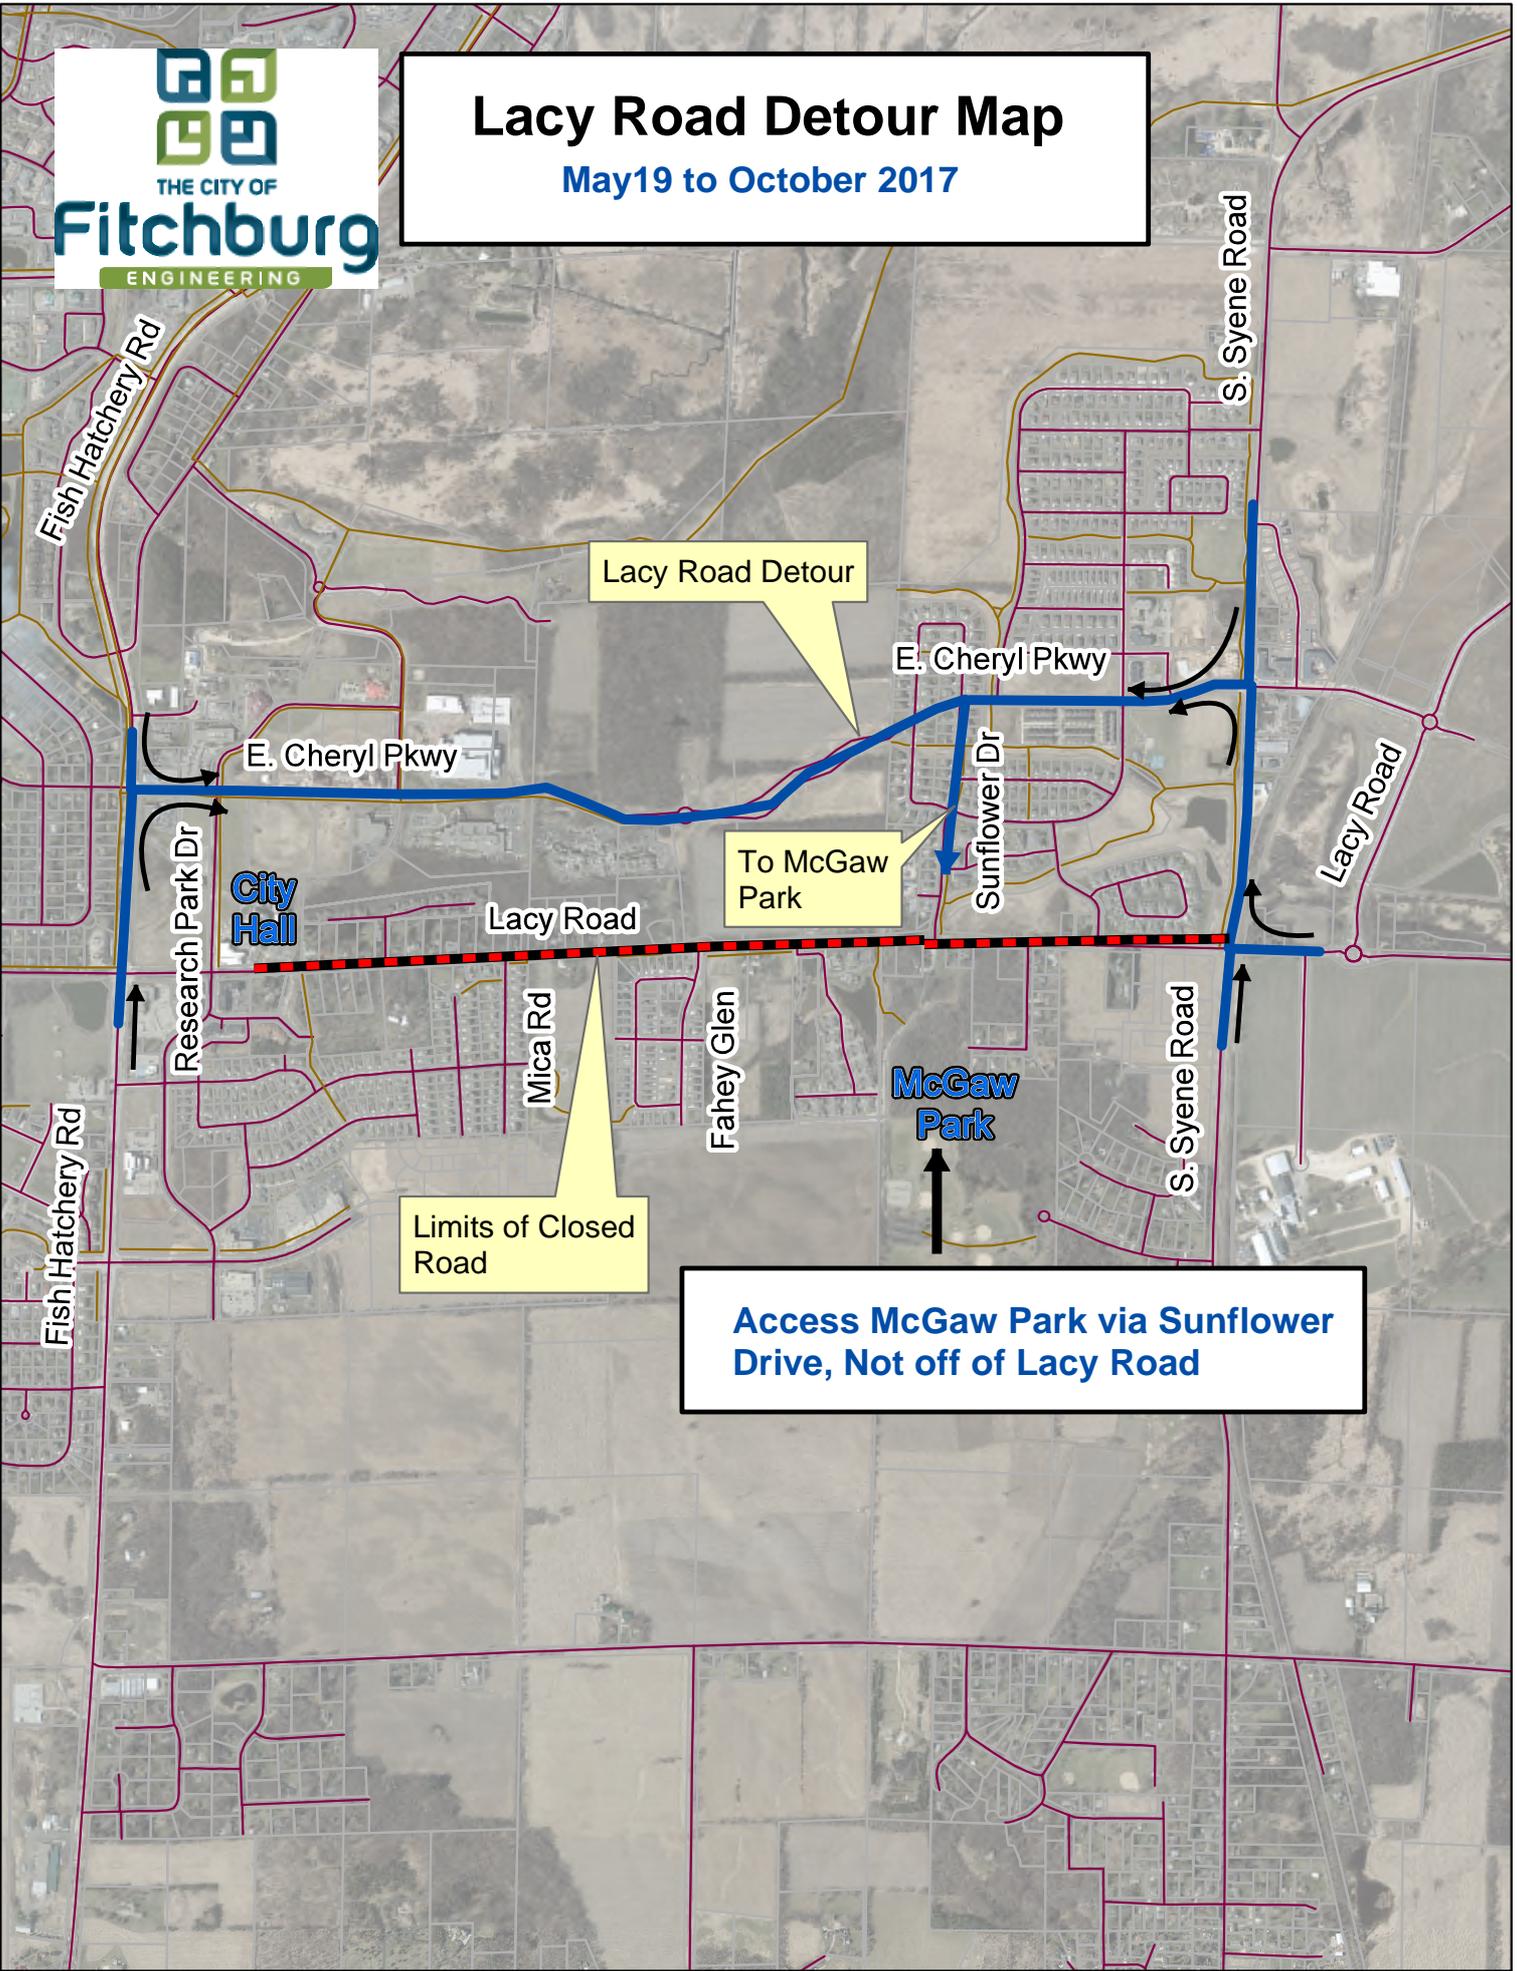

The Lacy Road Reconstruction project will include underground utilities including water main, sanitary sewer, and storm sewer, curb and gutter, a shared-use path on the south side, on-street buffered bike lanes, new street lighting, street trees, and intersection improvements. A roundabout will be constructed at Fahey Glen, and concrete islands and turn lanes will be added at various intersections along the project. More project information is available at www.fitchburgwi.gov/LacyRoad

To receive construction updates on this project, subscribe to the "Lacy Road Reconstruction" Notify Me list serve that is available on the city website:
